

FERRIS

Bah! I came all this way for  
nothing!

Ferris runs off in despair. He's treading on thin ice,  
literally. As he stomps up and down, he breaks the ice, and  
falls into the cold water.

EXT. WATERS - CONTINUOUS

Ferris struggles to breach land, but hypothermia is setting  
in. He starts to pass out, but not before a blinding light  
engulfs him.

FERRIS

(through water)  
Grandfather?

EXT. ARCTIC - MOMENTS LATER

Ferris wakes up back on land. His guide, who is also soaking  
wet, is kneeling besides him.

GUIDE

(concerned)  
Mr. Ferris, are you okay?!

FERRIS

(in awe)  
My Pappy's angel saved me.

GUIDE

No, sir, I pulled you out.

FERRIS

(louder)  
My Pappy saved me. I know where I  
have to go now.

GUIDE

Where? The Amazon? Everest?  
Atlantis?

FERRIS

Fifth Avenue.
